UKSIF is the membership association for sustainable and responsible financial services. We promote responsible investment and other forms of finance that support sustainable economic development, enhance quality of life and safeguard the environment. We also seek to ensure that individual and institutional investors can reflect their values in their investments.

Individual Supporters

This category is open to individuals who are interested in UKSIF and its activities, but who are not pursuing a professional interest in sustainable and responsible financial services. Supporters are not UKSIF members and do not participate in UKSIF governance.

Individual supporters should not be employed by or provide consultancy services to an organisation working in sustainable and responsible financial services. You must notify UKSIF if your status changes. UKSIF may provide supporters with periodic information and invitations to events.
